ISM Skills Enrichment Programme

Fundamentals of the Java Programming Language

Dec 2006
General Info

- **Dates:**
  - 11 Dec – 15 Dec 2006 (5 full days)
  - 9am - 5pm

- **Venue:**
  - To be determined (One of the NSRs at SIS). Applicants will be informed via email

- **Instructors:**
  - Joelle DUCROT & Swapna GOTTIPATI (1st class)
  - MOK Heng Ngee & KOH Lian Chee (2nd class)

- **No Prerequisite for participants**
  - We need you to be interested & motivated 😊
Fees

- Description:
  - This is a basic official Sun Microsystems workshop (SL110) which covers basic Java programming and OO concepts.
  - To get more information about the scope of this course, please refer to [www.sun.com/training/catalog/courses/SL-110.xml](http://www.sun.com/training/catalog/courses/SL-110.xml)

- Fees:
  - Sun has licensed the usage of their official course material for SMU’s usage, & participants are required to pay **$30** for the Student Guide
Motivation

Why Learn Java?

- Students who are taking OOAD next term will benefit tremendously from this course as the course covers the basic groundwork required for OOAD
- It is likely that you will need a firm programming foundation for your Final Year Project, Internship & other advanced IS modules

Not suitable for:

- Students who are already proficient in an OO programming language
- This course does NOT prepare participants for the Sun Certified Java Programmer certification (we may be running SL-275 during summer break for that purpose)
Application & Refund Policies

- Student guide fee is payable at GO (level 5)
  - Application is on a 1\textsuperscript{st}-come-1\textsuperscript{st}-serve basis, but your place is guaranteed only upon payment
  - We are running 2 classes concurrently, so there will be 40 available slots only (20 participants per class)
  - Course fees will NOT be refunded upon withdrawal or absence. We need you to be committed if you sign up.

- These professional courses are offered by training companies at \(~$2000/course\), but are offered free-of-charge for SMU students.
How to Apply

- Visit:
  - Make your payment at GO (level 5) as soon as possible after online application to guarantee your place.
